Source: Derived from data provided by the United States Census Bureau and the United States Department of Labor, Bureau of Labor Statistics via the Kentucky Department of Workforce Investment - Kentucky Office of Employment and Training (OET).

Source: Calculated data on Areas of Substantial Unemployment (ASU) provided by the Kentucky Office of Employment and Training and the Bureau of Labor Statistics, U.S. Department of Labor. The reference period January 2015 through December 2015 was utilized for the calculation of the unemployment rate. The United States unemployment rate for the reference period was 5.3%. To meet the criteria for a Targeted Employment Area (TEA), the unemployment-qualifying rate must equal or exceed 150% of the national rate, which calculates as 7.9%.

Note 1: All counties, which are not located within a Metropolitan Statistical Area, are EB-5 eligible. Please see the Note 2 exceptions below.

Note 2: Cities with a population of 20,000 (incorporated places) or higher located in non-Metropolitan Statistical Area counties are not EB-5 eligible unless a census tract within the city meets the criteria for a Targeted Employment Area (the unemployment rate must equal or exceed 150% of the national rate). Note: Incorporated census tracts are based on the 2010 census, [https://www.census.gov/geo/reference/gtc/gtc\\_ct.html](https://www.census.gov/geo/reference/gtc/gtc_ct.html) and 2010 populations.

Note 3: Unemployment rates are determined by place of residency.

Note 4: Based on the 2013 Metropolitan Statistical Areas and the 2010 census tracts.

Note 5: The Kentucky Office of Employment and Training advises the following – Some of the data provided by the Kentucky Office of Employment and Training-United States Bureau of Labor Statistics may be unpublished data.

FIPS = Federal Information Processing Standard

NC = Not Calculable
