

Recertification Information and Instructions

Each certified Kentucky Work Ready Community status will last for three years, at which time each county must be recertified. At the three year anniversary of certification the county will need to submit a recertification update application. Certified Kentucky Work Ready Communities in Progress may continue to use their current certification status in marketing materials and communications until notified by acceptance or denial of recertification by the Kentucky Workforce Innovation Board.

If recertification is denied, the county must cease the use of Kentucky Work Ready Community in Progress status in all marketing and communications immediately until such time as a new status is achieved and approved by the Kentucky Workforce Innovation Board. Submittal requirements and the process for recertification are described below.

Recertification Submittal Contents

Applications for recertification must be submitted in accordance with the application review timeline as posted on the Kentucky Work Ready Communities website to ensure ample time for review prior to the counties three year anniversary date. Completed applications include...

- 1. Recertification Update Form:** This should be the first document of the application. Staff will verify that all the data included on the sheet is correct.
- 2. Committee Roster:** Please include an updated roster of Work Ready committee members and their contact information.
- 3. Narratives:** Narratives are required for any category that does not meet Work Ready Community requirements, or any category that was added with the 2018 updated application. Please keep narratives concise, addressing how the missed goal will be reached. Please limit narratives to no more than 2-3 paragraphs for each category.
- 4. Evidence of Engagement:** Please provide a list of meeting dates for any committee or subcommittee meetings, letters of support, or evidence of activities that have occurred in direct support of the Work Ready Communities program. It is required that employer engagement be documented throughout the process.

Recertification Process:

Applications will be forwarded to members of the Kentucky Work Ready Community Review panel. Any questions from the review panel will be submitted to the applicant for written responses. Written responses must be received not less than one week prior to the scheduled meeting of the review panel. Unless requested by the panel, a presentation at the panel meeting will not be part of the recertification process. Representatives of the county applying for recertification may attend the meeting of the panel but are not required to do so.

The review panel may discuss and vote to recommend recertification, change of status, or denial of status to the Kentucky Workforce Innovation Board. The board will receive these recommendations at their next scheduled meeting. Applicants for recertification will be notified of the recommendation of the panel as well as the date, time and location of the board meeting where action may be taken by the board.

Recertification is valid for three years from the date it is approved by the board. If a certification is denied, the applicant must wait one year from the date of the denial before reapplying for a new status.

RECERTIFICATION UPDATE

Name of County Date:

County Contact Name

Email Address/ Phone #

Criteria	At time of original application	Most Recent Data
