NUMBER OF FACILITIES: 3,900
TOTAL FULL-TIME EMPLOYMENT: 418,901
Introduction and Methodology

The Kentucky industry reports provide a list of facilities (with 10 or more employees) normally associated with Cabinet programs. Most information is taken directly from surveys completed by each facility or from phone or personal contact with the facility. Survey information is collected on an annual basis. Facility name, address, location, product or service, employment and other information may change and often does change between annual surveys. While all attempts are made to capture ongoing changes from data provided by facilities, local economic development contacts, media announcements, and Cabinet programs, no guarantee can be made that changes will be discovered. Also included on these reports, but not counted in the total number of facilities or full-time employment, are new location projects recently announced in Kentucky. The projects are identified by (announced) next to their projected full-time employment.

Disclaimer

The information provided herein by the Kentucky Cabinet for Economic Development is believed to be accurate but is not warranted and is for informational purposes only. While all attempts are made to insure the correctness and accuracy of information in this report and to make corrections and change errors brought to our attention, no representation or guarantee, express or implied, is made as to the accuracy of the information presented. Any information provided in this report is provided without assurances or warranties and should not be relied upon as fact. The Kentucky Cabinet for Economic Development assumes no liability for the accuracy of the information contained in this report.

Note: † denotes that employment figure includes aggregate employment for multiple facilities
The image contains a list of companies based in Louisville, KY, along with their mailing information, employment figures, and NAICS codes. The text is formatted in a tabular manner with columns for company name, mailing address, employment figures, primary industry codes, and contact information. Each company's description includes details such as the nature of their business, ownership, and the name of the CEO or other key executives. The NAICS codes indicate the primary economic industry for each company. The top of the page notes that employment figures include aggregate employment for multiple facilities.
