

Just the Facts:

Bluegrass State Skills Corporation (BSSC) Grant-in-Aid (GIA) and Skills Training Investment Credit (STIC) Programs

FY 2018-2019

Program Description

The Bluegrass State Skills Corporation (BSSC) was established in 1984 to stimulate economic development through customized business and industry-specific skills upgrade and occupational upgrade training. The BSSC approves incentives for qualified companies through a Grant-in-Aid (GIA) program and/or a Skilled Training Investment Credit (STIC). The GIA provides reimbursements dollars to companies/consortia and the STIC provides a tax credit against Kentucky income taxes to companies for company specific training activities.

Method of Recovery	Cash Disbursement	Corporate Income Tax Credit
Maximum Funding	\$4,300,000 per fiscal year	\$2,500,000 per fiscal year

Application Process and Scoring

Subject to funding availability, GIA and STIC applications are accepted throughout the year prior to scheduled board meetings. Grant funds are limited, which may preclude all eligible applications from being funded. Below is an overview of the process.

- The qualified company and an educational institution (when applicable) submit an application to the Bluegrass State Skills Corporation (BSSC) detailing the training to be provided. All applications will be date and time stamped upon arrival as long as the signature pages are included.
- BSSC staff review applications for eligibility, completeness and accuracy and verify the calculation of the score.
- Upon completion of staff’s review, eligible applications are presented to the BSSC Board for approval. If approved, BSSC enters into an agreement with the company to set forth the maximum incentives available, training dates and the requirements. The term of the agreement will be no longer than one year from the date of BSSC approval. Training

may begin after the approval date.

- Upon completion of training, all requests for reimbursements or tax credits will be submitted to the BSSC in the form of a worksheet along with any other required documentation. After staff reviews the documentation and finds it complete and satisfactory, notification will be sent to the approved company with the amount of reimbursement or tax credit.
 - GIA projects will receive either a check or electronic deposit.
 - STIC incentives awarded by the BSSC shall be claimed as a credit on the tax return of the approved company in the year of the closeout of the project. The credits awarded may be carried forward for three successive fiscal years of the approved company.
- All training documentation is required to be submitted within two (2) months of the training completion date and no later than two (2) months after the agreement term date. Staff may authorize a one-time extension not to exceed three (3) months for the project to finalize and submit the documentation (not to complete training).
