FOOD & BEVERAGE FACILITIES

REPORT DATE: January 14, 2019
NUMBER OF FACILITIES: 347
TOTAL FULL-TIME EMPLOYMENT: 52,004
Food and Beverage Facilities Report

Introduction and Methodology

The Kentucky industry reports provide a list of facilities (with 10 or more employees) normally associated with Cabinet programs. Most information is taken directly from surveys completed by each facility or from phone or personal contact with the facility. Survey information is collected on an annual basis. Facility name, address, location, product or service, employment and other information may change and often does change between annual surveys. While all attempts are made to capture ongoing changes from data provided by facilities, local economic development contacts, media announcements, and Cabinet programs, no guarantee can be made that changes will be discovered. Also included on these reports, but not counted in the total number of facilities or full-time employment, are new location projects recently announced in Kentucky. The projects are identified by (announced) next to their projected full-time employment.

The Food and Beverage Facilities Report contains Kentucky operations involved in the production, warehousing, distribution or wholesale of a food or beverage product. Production is defined by NAICS codes 311 Food Manufacturing and 3121 Beverage Manufacturing. Headquarters for these companies and/or facilities which manufacture a product that specifically helps or is used in the production/manufacturing of food and beverages are also included in the report.

Where information is available, the report provides each facility’s name, address, telephone number, product/service, employment figure, and year of establishment.

Each facility’s employment figure is followed by the year for which it was last reported. Information about these facilities were last verified by KCED in the same year.

Where applicable, data has been included to indicate that a facility has made a location announcement. Operations data for those facilities has not been verified by KCED and their projected employment is NOT included in the total employment figure shown.

Disclaimer

The information provided herein by the Kentucky Cabinet for Economic Development is believed to be accurate but is not warranted and is for informational purposes only. While all attempts are made to insure the correctness and accuracy of information in this report and to make corrections and change errors brought to our attention, no representation or guarantee, express or implied, is made as to the accuracy of the information presented. Any information provided in this report is provided without assurances or warranties and should not be relied upon as fact. The Kentucky Cabinet for Economic Development assumes no liability for the accuracy of the information contained in this report.
